The Ordinary Shareholders' Meeting of Landi Renzo was held today and was chaired by Stefano Landi:

- The financial statements as at and for the year ended 31 December 2015 are approved

The consolidated financial statements as at 31 December 2015 report a **turnover** of €205.5 million, compared to €233.2 million as at 31 December 2014. **Adjusted EBITDA** amounted to €5.8 million (€18.3 million as at 31 December 2014).

Unadjusted EBITDA was - €1.3 million. This result was affected by some non-recurring costs resulting from restructuring operations aimed at reducing and optimizing main structure costs, concerning in particular personnel and operations. These measures produced the first positive effects on margins at the end of 2015, and will continue to do so in years to come.

Adjusted EBIT was - €9.7 million (compared to €2.8 million at 31 December 2014), after amortisation, depreciation and impairment of €15.4 million.

Unadjusted EBIT was - €26.9 million. Impairment, amounting to €10.2 million and related to the goodwill of certain subsidiaries affected this result. This impairment had no monetary impact, as indicated by net indebtedness which improved considerably in the last quarter compared to the figure at September 2015.

A **pre-tax loss** of €32.7 million was recorded (compared to a loss of €0.1 million at 31 December 2014).

The consolidated financial statements of the Landi Renzo Group reports a **Net Loss** of €35.3 million after including non-recurring charges of €7.1 million relating to the reorganisation of the industrial and human resources department, €10.2 million for goodwill impairment, and - €6.4 million to adjust deferred taxes considering the recoverable amount based on the results of the business plan.

Net indebtedness was €59.5 million, compared to €72.1 million at 30 September 2015, and €47.2 million at 31 December 2014.

Regarding the results of the Parent Company, the **turnover** is equal to €82.5 million, down 13.4% compared to 2014 (€95.2 million).

EBITDA was - €10.8 million (- €2.0 million in 2014) after non-recurring expenses of €5.7 million.

EBIT was - €21.7 million (- €10.3 million in 2014), after amortisation and depreciation of €10.8 million of which €3.9 million of amortisation for intangible assets, as well as €2.5 million for goodwill impairments.

A **Net Loss** of €37.7 million was recorded (compared to a profit of €0.2 million in 2014), after recognising dividends from Group companies of €0.3 million, net borrowing costs of €3.1 million and expenses for the

impairment of investments of €12.2 million. This result is also affected by the impairment of a receivable for deferred tax assets which, without cash outflows, amounted to €6.2 million.

Net indebtedness was €60.3 million, compared to €44.3 million at 31 December 2014.

The Shareholders' Meeting viewed the Consolidated Financial Statements and approved the Financial Statements as at and for the year ended 31 December 2015, resolving to cover the loss for the year, equal to 37,702,189.73 euros, by making full use of the merger surplus reserve, which is zeroed, and the extraordinary reserve, which is reduced to €12,620,747.55.
